Skills

- **Languages**: Python, JavaScript, Java, PHP
- **Frameworks**: HTML and CSS, TailwindCSS, Bootstrap, NodeJS, React, Flask, Django
- **Tools/Platforms**: MySQL, MongoDB, PostgreSQL
- **Soft Skills**: Problem-Solving, Team Collaboration, Adaptability, Time Management, Conflict Resolution

Work Experience

Online Exam Proctor | Lovely Professional University Since December 2025

- Monitored remote examinations to strictly enforce academic integrity standards
- Detected and reported malpractice using specialized proctoring software
- Resolved technical glitches to ensure smooth assessment conduct

Projects

Matrix – Store Management System | Link February 2026 - Present

- Architected a decoupled Full-Stack application using Django REST Framework and React, implementing a high-performance REST API to manage complex inventory data and real-time sales transactions.
- Engineered a dynamic Command Center dashboard with Tailwind CSS and Recharts, featuring automated low-stock visualization and multi-metric analytics to streamline business decision-making
- Implemented robust security and data management protocols, including JWT-based authentication and Role-Based Access Control (RBAC) to ensure secure, tiered access for administrative and staff users
- **Tech**: Django, PostgreSQL, React, Axios, REST API, JWT, Tailwind CSS

EduBoard – Virtual Whiteboard | Link September2025 - December 2025

- Developed a comprehensive virtual whiteboard application using the MERN stack to facilitate seamless real-time collaboration and interactive learning between teachers and students
- Architected a scalable backend with Node.js and Express.js to handle concurrent user sessions and ensure sub-second data synchronization across multiple client devices
- Designed a highly responsive user interface using React and Tailwind CSS, featuring interactive tools like drawing pens and erasers to significantly enhance the digital learning experience
- **Tech**: MongoDB, ExpressJS , NodeJS, React, Tailwind CSS

Hansini – A Website for Hansini NGO | Github June 2025 - August 2025

- Constructed a professional prototype website for a women-led NGO, establishing a robust digital foundation to amplify their official online presence and mission visibility
- Designed an engaging multi-page interface featuring Home, Stories, and Join Us sections to streamline user navigation and effectively drive community outreach initiatives
- Defined a scalable structural layout and content strategy using Python Flask and React to support future expansions for fundraising campaigns and volunteer recruitment
- **Tech**: Python(Flask), NodeJS, React, Tailwind CSS

Training

Data Structures and Algorithms | Cipher Schools | Certificate June 2025 - July 2025

- Mastered core DSA concepts (Trees, Graphs, Hashing, Sorting, Dynamic Programming) in Java
- Attained proficiency in intermediate-level DSA problem-solving and writing performance optimized code

Certificates

- Cloud Computing | NPTEL | Certificate — October 2024
- Computer Communications | Coursera | Certificate — December 2024
- Introduction to Hardware and Operating System | Coursera | Certificate — September 2024

Extracurricular Activities

- **Active Member and Event Manager | *E-Cell (Division of Innovation and Entrepreneurship, LPU)***
  Managed and executed events that promote innovation and entrepreneurial skills within the university community
- **Active Member | *Hansini (Women-Led NGO)***
  Spearheaded women empowerment initiatives using technical and organizational skills for community outreach

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.29*** Since August 2023
- **Army Public School** Pathankot, Punjab
  Intermediate; ***Percentage: 92.6*** April 2022 - March 2023
